

Avanto Festival 16.-18.11.2007

Call for proposals

Deadline: July 1st 2007(postmarked)

GUIDELINES

We are primarily looking for short films/videos to be screened in our annual Avantoscope compilation programmes, but feature-length single-channel works, multi-projections and installations are welcome as well.

There are no entry fees.

The preferred formats for all preview materials are VHS (PAL or NTSC) and DVD (PAL or NTSC).

We welcome stills (on a CD or as a download link), biographic information about the director and any other text in addition to the filled proposal form. Above all, they will facilitate the process of promoting the work in the media, in the festival newspaper and on our website. We would also like to have permission to use the preview material later on for press purposes.

The preview material may be used for press purposes and for tv-screening or radio coverage.

The preview material may NOT be used for press purposes.

If your work is selected, we will notify you by e-mail by the end of September.

Name of the work:

Director:

Music/sound:
